

Webinar SolPa

Spring Parasitology

«Young researchers talking about human and animal health»

15 September 2020

Session Chair: Alessandra Barlaam

14.00 - Intestinal protozoa in buffalo farms: epidemiology and new control strategies

Maria Elena Morgoglione, Università degli Studi di Napoli Federico II

14.25 - Hepatic parasitosis in small ruminants: epidemiological and diagnostic updates

Giorgia Dessi, Università degli Studi di Sassari

15.00 - First report of *Giardia duodenalis* infection in the crested porcupine (*Hystrix cristata* Linnaeus, 1758)

Michela Maestrini, Università di Pisa

15.20 - *Sarcoptes scabiei* in European wildlife: solving the epidemiological enigma and exploring control options

Barbara Moroni, Università di Torino

22 September 2020

Session Chair: Maria Elena Morgoglione

14.00 - Validation of human IgG response to *Aedes* salivary proteins as a novel markers of human exposure to *Aedes albopictus*

Sara Buezo Montero, Sapienza Università di Roma

14.25 - mRNAs in mosquito saliva: unraveling their possible role in host-vector-pathogen interactions

Carmine Fiorillo, Sapienza Università di Roma

15.00 - Detection to *Leishmania infantum* antibodies in equine populations from different canine endemic areas of Italy

Filippo Bertero, Università degli Studi di Perugia

29 September 2020

Session Chair: Sara Buezo Montero

14.00 - Flexibility in *Anopheles gambiae* s.l. biting behaviour in an insecticide bed net covered village of Burkina Faso

Eleonora Perugini, Sapienza Università di Roma

14.25 - Transmission-blocking activity of limonoid rich *Azadirachta indica* preparations against *Plasmodium berghei* and *P. falciparum* as stand-alone treatment and in combination with artemisinins

Yehnew Ebstie, Università degli Studi di Camerino

15.00 - Identification and pre-clinical characterization of medicinal plants used to prevent and cure malaria in pregnant women in Cameroon

Alain Tenoh Guedoug, Università degli Studi di Camerino

6 October 2020

Session Chair: Barbara Moroni

14.00 - Pathogenic parasites in vegetables and berries sold on the Italian market

Alessandra Barlaam, Università degli Studi di Foggia

14.25 - Management of parasitic infections in zoo mammals

Michele Capasso, Università degli Studi di Napoli Federico II

15.00 - mRNA characterization in anisakid nematodes

Antonella Pizzarelli, Sapienza Università di Roma

15.20 - Paleomicrobiology and the study of ancient infectious diseases

Riccardo Nodari, Università degli Studi di Milano
